

SADCASE Gearbox

26 September 2017

Dear Martin and Chrissie and all the SADCASE Gearbox team

"If I had gone on, unaware, until symptoms appeared it might have been too late for me, so you may have saved my life! Thank you so much."

Thank you for your fantastic fundraising at the SADCASE Classic Vehicle Show this summer. Your gift of £2,000 will be transformative, helping to save lives and keep families healthy! Thank you for being there; thank you for caring.

You are helping us to reach both young and old in Sussex and beyond: we've been able to roll out our PSA test (for prostate cancer) to younger men – from age 25 – in response to new research showing that more men aged 25-49 are being hit by the disease. This means we're helping an extra 40 men a year!

Thanks to continued gifts like yours, we can be here to help men and women today and in the future. We're truly grateful.

With best wishes

Roanne Moore
Marketing and Fundraising Manager
